Company Profile

LIPOMED is a private owned research and development based **Health Care Company** that serves the worldwide market for **Pharmaceuticals and Reference Standards**. The headquarters is located in Arlesheim near Basel, Switzerland.

LIPOMED AG, Switzerland is **GMP/GDP** and **ISO 9001** certified for production and distribution of Pharmaceuticals and **ISO/IEC 17025** (ANAB Certificate No. AT-1760) accredited for testing

of Analytical Reference Standards and **ISO 17034** (ANAB Certificate No. AR-1761) accredited for Reference Material production. All products distributed by LIPOMED affiliates are manufactured by LIPOMED AG and distributed under protocols of LIPOMED AG.

Additionally, the Pharma Marketing of LIPOMED is certified according to the "Référentiel de certification de la visite médicale" by the French Authorities.

**LIPOMED Inc. in Cambridge,
Massachusetts, USA**

Lipomed Inc. is the distributor of our reference standards in North, Central and South America plus the Caribbean (except: Curaçao, Columbia, Argentina).

**LIPOMED GmbH
in Weil am Rhein, Germany**

LIPOMED GmbH serves as a logistic and distribution center for Reference Standards and Pharmaceuticals in Germany. LIPOMED GmbH is also the Marketing Authorization Holder for the pharmaceutical products in Europe. It is **ISO 9001** certified.

Analytical Reference Standards

LIPOMED is a leading producer and supplier of Analytical Reference Materials manufactured according to the highest quality standards currently given to reference materials producers. Indeed, LIPOMED holds **ISO/IEC 17025** (ANAB certificate no. AT-1760) and **ISO 17034** (ANAB certificate no. AR-1761) accreditations as well as **ISO 9001** certification to meet customers' expectations for quality and reliability.

LIPOMED reference standards currently include the following classes of substances, their deuterated analogues and metabolites there of:

- Amphetamines & sympathomimetic amines
- Antidepressants
- Antipsychotics
- Aqueous ethanol standards
- Barbiturates
- Benzodiazepines
- Cannabinoids
- Cathinones
- Certified Reference Materials (CRMs)
- CNS depressants
- Cocaines
- Custom mixtures
- Designer drugs
- Ethanol biomarkers
- Hallucinogens
- Opioids
- Steroids

Supplied as native and stable-isotope labeled for mass spectrometry and other analytical techniques, LIPOMED

reference standards are available as calibrated ready-to-use (RTU) solutions as well as powders. This has been done to provide our customers additional flexibility in choosing the most appropriate form for their needs.

Our range of product offering is continuously expanding in order to assist our customers in providing the highest quality reference materials they need to perform their analysis. If you do not find the product(s) you are looking for please contact us.

For information about LIPOMED's new Reference Standards, please visit www.lipomed.com.

LIPOMED's reference standards are available worldwide either through LIPOMED offices in Europe and in the USA, and through a selected network of appointed distributors for local customer services. Please see page 28 for LIPOMED offices and page 29 till page 33 for LIPOMED's appointed distributors or visit www.lipomed.com.

All reference standards distributed by LIPOMED Inc. and by any other affiliate or partner company under the LIPOMED label are manufactured by the ISO certified company LIPOMED AG.

Transfer Labels

LIPOMED progressively introduces calibrated ampoules with labels that can easily be transferred from an ampoule to e.g. auto sampler vials. This innovative feature supports customers in

providing safe and accurate identification of vials used to store our calibrated reference standard solutions after original ampoules are opened.

Solutions and Powders available

LIPOMED's Reference Standards are available as powders and as **calibrated ready-to-use** (RTU) solutions.

LIPOMED's Reference Standards are also available as powders in standard pack sizes of 10 mg, 50 mg and 100 mg. Larger quantities might be available upon request. The weight is based on the drug substance.

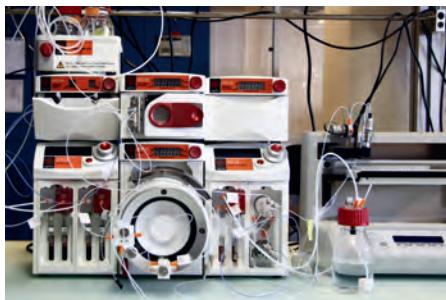

RTU Solution Reference Standards

LIPOMED's 1mg/ml and 0.1 mg/ml ampoules contain high precision calibrated reference standards to an accuracy of 1.000 ± 0.050 mg/ml and 0.100 ± 0.005 mg/ml of free drug substance in sealed amber glass ampoules under argon for added stability. LIPOMED's ampoules are over-filled to ensure that the

RTU Solutions are intended for quantitative ready-to-use purposes. Accurate strength is based on the free drug substance.

target volume of 1 ml can be quantitatively transferred.

RTU solutions offer many advantages over powders such as accuracy in the provided solution strengths, enhanced consistency from lot to lot, and convenience of use, especially when used in routine testing.

Manufacturing

Aside from classical synthesis in batch reactors LIPOMED produces Reference Standards using Microflow Technology which guarantees unrivaled lot-to-lot identity and unmatched product purity.

Ampoule Filling Lines

Our calibrated solutions are produced in LIPOMED's own ampoule filling lines to ensure batch-to-batch consistency and reproducibility.

Analytical Quality Control

All our products in powder are systematically analyzed in-house to ensure the identity and the purity of our reference standards. IR, UV, melting point, MS, Proton NMR are used to confirm the identity of the products and HPLC, GC, LC/MS or HPTLC CAMAG are used to monitor the chemical and isotopic purity of our reference standards.

A lot specific certificate of analysis is available for each

calibrated solution, as well as for each bulk powder.

LIPOMED is also providing its reference standards solutions as Certified Reference Materials (CRMs) according to ISO/IEC 17025 and ISO 17034 guidelines. Ampoules are analyzed to ensure a level of confidence of 95 % and stability data are performed on each product (non-deuterated and deuterated).

Shelf life

Stability monitoring is performed on all Reference Standards at appropriate intervals.

For most of LIPOMED's Reference Standards, **retest dates** are provided on the Certificates of Analysis (COA) together with the corresponding batch numbers. Retests are performed by LIPOMED 6 months prior to the stated retest dates. This allows for a validity extension of the retested batch subject to successful retest, proper storage and unopened ampoules/vials.

Updated COA are available on the website or by e-mail: ussales@lipomed.com (North, Central and South America plus the Caribbean, except: Curaçao, Columbia, Argentina) and lipomed@lipomed.com (all other countries).

Retest and expiry dates should be read as per end of the stated month.

Storage

Airtight storage at a temperature of 2–8 °C in a dark location is recommended, unless otherwise indicated on the label and in the COA.

Use

LIPOMED Reference Standards are not qualified for administration in humans or animals. In addition, our Reference Standards are not qualified against official Pharmacopoeia Reference Standards. Therefore GLP, GCP or GMP applications are under the full responsibility of the end user.

Safety

All products mentioned in this catalog have to be considered potentially toxic substances and must be handled by suitably trained staff.

Why choose LIPOMED Reference Standards

- Privately owned with 25 Years of Consistency, Quality, and Precision
- Pharmaceutical level excellence applied to CRM standards
- CRM Ready-to-use solutions and bulk powders in 10, 50 and 100 mg sizes
- Deuterated Standards in 0.1 mg/ml and 1.0 mg/ml
- TK numbers and DEA exemption for solutions
- **ISO/IEC 17025, ISO 17034** accredited and **ISO 9001** certified
- Reference standards available in both **powder form and as solutions** from a single source
- **Retest dates** for longer shelf-life
- **Large choice of standard strengths and quantities** available: 0.1 mg/ml, 1 mg/ml and 10 mg, 50 mg, 100 mg
- **Larger quantities** available on request
- **Special products** available such as alcohol biomarkers, custom mixtures, designer drugs, opiates glucuronides, «street heroin», THCA-A, etc.
- **Native and isotope labeled** standards
- **All in-house** production and quality control
- **High quality** reference standards supplied with **comprehensive lot-specific certificates of analysis**
- **Unrivalled lot-to-lot consistency** regulated by rigorous product specifications and quality control
- **Fast delivery** from local stocks held in Switzerland, Germany, France and the USA
- **Professional customer service**
- **Competitive pricing**

Commitment to Quality

LIPOMED AG, Switzerland is **GMP/GDP** and **ISO 9001** certified for the production and distribution of pharmaceuticals, **ISO/IEC 17025** (ANAB certificate no. AT-1760) accredited for the testing of analytical reference standards, and **ISO 17034** (ANAB certificate

no. AR-1761) accredited for the production of reference materials. All products distributed by LIPOMED affiliates are manufactured by LIPOMED AG and distributed under protocols of LIPOMED AG.

Certificate of Analysis (COA)

All LIPOMED's Reference Standards are supplied with a comprehensive certificate of analysis, which includes product specifications and quality control results.

Different layouts are available according to the type of product supplied: calibrated solution and

bulk. Examples of our current certificates of analysis (COA) will be described in the following pages.

As an additional service, LIPOMED's certificates of analysis are also available on our website www.lipomed.com.

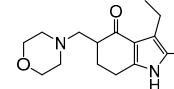

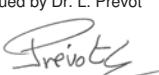

Typical COA for calibrated solutions

A COA is delivered for each lot number. LIPOMED certifies that the reference material meets the specifications (identity, purity and content) stated in this certificate.

1 Article Number / Lot Number: The article number allows a unique identification for each product. The salt form (FB: free base; HC: hydrochloride salt; FA: free acid; TA: tartaric acid; NA: sodium salt; HB: hydrobromide salt and MA: maleate salt) is also specified. For a defined article number, a new and unique lot number is created for each solution, which guarantees the traceability of the lot.

2 Expiration/Retest dates: A retest is performed 6 months prior to the stated retest date. Upon successful retesting a new retest date or expiration date is set for the product.

3 Concentration of calibrated ampoule: The gravimetrically prepared concentration is verified with an adequate analytical method (HPLC; GC) by comparison to two independently and freshly prepared solutions.

Stability:

Short Term Stability: Short term stability studies have been performed at -18°C and +40°C during a period of 2 weeks. No decrease in purity was observed. These data support the transport conditions of this product to be at ambient temperature.

Long Term Stability: Long term stability study is in progress in refrigerator (+2°C to +8°C). The related storage uncertainty has not been included in the calculation yet. The final uncertainty remains incomplete until this uncertainty has been included.

Based on these stability values, shipping uncertainty has been considered insignificant to the overall uncertainty.

GENERAL INFORMATION

Quality Documentation:

This certificate is designed in accordance with ISO Guide 31 (Reference Materials – Contents of Certificates and Labels) and ISO Guide 35 (Reference Materials – General and Statistical Principles for Certification).

Quality Standards for Arlesheim production site:

ISO 9001 Quality Management System. Manufacturing, analysis, packaging and distribution of Analytical Reference Materials and Pharmaceuticals. IONet/SQS Certification: 37199

ISO/IEC 17025 General requirements for the competence of Testing Analytical Reference Standards. ANAB Certificate number: AT-1760

ISO 17034 General requirements for the competence of Reference Material Producer. ANAB Certificate number: AR-1761

Quality Control Assessment:

The product quality is controlled by regularly performed analytical control tests/retests.

Intended Use:

The product covered by this certificate is designed for calibration or for use in quality control procedures for the specified chemical compound listed on the first page. This product can be used for quantification and/or identification. All solutions should be thoroughly mixed prior to use. If dilution is required, use only diluent compatible with the substance and solvent in this preparation.

Expiration/Retest Date:

Expiration/retest date of the unopened ampoule stored at the recommended storage conditions is the last day of the month.

A retest will be performed 6 months prior to the stated retest date. Upon successful retesting, a new retest date or expiration date is set for the product. The certificate of analysis is then updated and made available on our website. For our products, the extension of the shelf life is capped to 10 years after release as the maximum period.

Gravimetric Preparation:

All balances are calibrated annually by an ISO/IEC 17025 accredited calibration service. Calibration verification is performed weekly with certified and traceable weights. For each balance, a minimum weighing value has been assigned.

Purity:

- Purity and/or chemical identity are determined by one or more of the following techniques: HPLC/UV, GC/FID, LC/MS, IR, UV, 1H NMR, Karl Fischer, melting point, and optical rotation if applicable
- Purity of isomeric compounds is reported as the sum of the isomers
- Purity values are rounded to the last decimal place given
- The salt form, purity, residual water, and residual solvents are already taken into account for the given content value.

Uncertainty Statistics:

The uncertainties are determined in accordance with ISO 17034 and ISO/IEC 17025. Uncertainty is given for a minimum injection volume of 1 µl. The certified uncertainty value (including characterization uncertainty, homogeneity between ampoules uncertainty, storage stability uncertainty and shipping stability uncertainty) is combined using the following formula:

$$U(y) = \sqrt{U_{\text{characterization}}^2 + U_{\text{homogeneity}}^2 + U_{\text{storage stability}}^2 + U_{\text{shipping stability}}^2}$$

The filling volume is the minimum sample size for which the uncertainty is valid. The ampoules are over-filled to ensure that the minimum filling volume can be sufficiently transferred.

Homogeneity:

Homogeneity of the lot is confirmed by a duplicate analysis of at least 12 ampoules. At least 4 ampoules are taken at start, middle and end of the filling process. The number of ampoules to be analyzed depends on the lot size. The analyzed concentration at each position is the average value obtained from duplicate analysis of 4 ampoules.

Stability:

The manufacturer guarantees the stability of this product throughout its intended shelf life, when handled and stored accordingly to the given storage conditions.

Legal and Safety Notice:

This product is for routine laboratory analysis and research purposes only. Due to the hazardous nature, only trained personnel should handle this product. The General Terms and Conditions of Lipomed apply.

Typical COA for solid forms

A COA is delivered for each lot number. LIPOMED certifies that the reference material meets the specifications (identity, purity) stated in this certificate.

1 Article Number/Lot Number: The article number allows a unique identification for each product. The salt form (FB: free base; HC: hydrochloride salt; FA: free acid; TA: tartaric acid; NA: sodium salt; HB: hydabromide salt and MA: maleate salt) is also specified. For a defined article number, a new and unique lot number is created, which guarantees the traceability of the lot.

2 Expiration/Retest dates: A retest is performed 6 months prior to the stated retest date. Upon successfull retesting a new retest date or expiration date is set for the product.

3 Purity: The purity of the neat material is proved by using adequate analytical methods such as HPLC or GC/FID.

GENERAL INFORMATION

Quality Documentation:

This certificate is designed in accordance with ISO Guide 31 (Reference Materials – Contents of Certificates and Labels) and ISO Guide 35 (Reference Materials – General and Statistical Principles for Certification).

Quality Standards for Arlesheim production site:

ISO 9001 Quality Management System. Manufacturing, analysis, packaging and distribution of Analytical Reference Materials and Pharmaceuticals. IQNet/SQS Certification: 37199

ISO/IEC 17025 General requirements for the competence of Testing Analytical Reference Standards. ANAB Certificate number: AT-1760

ISO 17034 General requirements for the competence of Reference Material Producer. ANAB Certificate number: AR-1761

Quality Control Assessment:

The product quality is controlled by regularly performed quality control tests (retests).

Intended Use:

The product covered by this certificate is designed for calibration or for use in quality control procedures for the specified chemical compound listed page 1. This product can be used for quantification and/or identification. If dilution is required use only diluent compatible with all certified analyses in this preparation. All solutions should be thoroughly mixed prior to use.

Expiration/Retest dates:

Expiration date/Retest date of the unopened flask stored at the recommended storage condition is the last day of the month listed page 1.

A retest will be performed 6 months prior to the stated retest date. Upon successful retesting, a new retest date or expiration date is set for the product. The certificate of analysis is then updated and made available on our website. For our products, the extension of the shelf life is capped to 10 years after release as the maximum period.

Gravimetric preparation:

All balances are calibrated annually by an ISO/IEC 17025 accredited calibration service. Calibration verification is performed weekly with certified traceable weights. Each balance has been assigned a minimum weighing.

Purity:

- Purity and/or chemical identity are determined by one or more of the following techniques: HPLC/UV, GC/FID, LC/MS, IR, UV, 1H NMR, Karl Fischer, melting point and optical rotation if applicable
- Purity of isomeric compounds is reported as the sum of the isomers
- Purity values are rounded to the last decimal place given

Uncertainty Statistics and Confidence limits:

The uncertainties are determined in accordance with ISO 17034 and ISO/IEC 17025. Uncertainty is given for a minimum injection volume of 1 µl. The certified uncertainty value (including characterization uncertainty, homogeneity between ampoules uncertainty, storage stability uncertainty and shipping stability uncertainty) is combined using the following formula:

$$U(y) = \sqrt{U_{\text{characterization}}^2 + U_{\text{homogeneity}}^2 + U_{\text{storage stability}}^2 + U_{\text{shipping stability}}^2}$$

The packaged amount is the minimum sample size for which uncertainty is valid.

Stability:

The manufacturer guarantees the stability of this product throughout its intended shelf life, when handled and stored accordingly to the given storage conditions.

Legal and Safety Notice:

This product is for routine laboratory analysis and research purposes only. Due to the hazardous nature, only trained personnel should handle this product. The General Terms and Conditions of Lipomed apply.

Tandem Mass Spectral Data of Analytical Reference Standards

LIPOMED is collaborating with Assoc. Prof. Dr. Herbert Oberacher (Institute of Legal Medicine, Medical University of Innsbruck, Austria) to provide tandem mass spectral data of its analytical reference standards.

LIPOMED is supplying scientists with high-quality reference standards. These standards are extensively used as reference for identification and quantification of detected compounds.

To support the development of targeted and non-targeted liquid chromatography-tandem mass spectrometry techniques, LIPOMED has made available tandem mass spectral data of its reference compounds.

Tandem mass spectra can freely be downloaded from www.lipomed.com

Aqueous Ethanol Standard Solutions

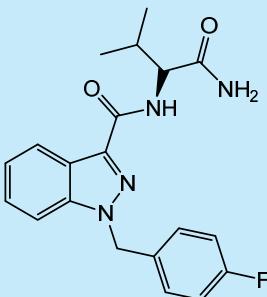

Unit size	Each concentration supplied as a standard kit of 5 ampoules
Filling volume	1.2 mL
Traceability	LIPOMED Aqueous Ethanol Standards are traceable to NIST Ethanol Standard Reference Materials (SRM)
Documentation	Comprehensive batch-specific Certificate of Analysis supplied for each standard
Pricing	A quantity based discount scheme is applied. Please contact your LIPOMED office or local distribution partner for further information.

 <p>The chemical structure shows a benzene ring substituted with a hydroxyl group (-OH) at position 4. A side chain is attached at position 1, consisting of a methylene group (-CH2-) followed by a chiral center. The chiral center has a deuterium atom (D) and a methyl group (-CH3) on one side, and a methyl group (-CH3) and a deuterium atom (D) on the other. An amino group (-NH2) is attached to the chiral center.</p>

<p>The chemical structure of (-)-trans-Δ^9-THC-D₃ is shown. It features a cyclohexene ring substituted with a methyl group at the 1-position and a hydroxyl group at the 3-position. A methylene bridge connects the 1-position of the cyclohexene to the 3-position of the phenyl ring. The phenyl ring is further substituted with a hydroxyl group at the 11-position and a pentyl chain at the 12-position. The stereochemistry at the 11-position is indicated by a wedge for the hydroxyl group and a dash for the methyl group.</p>	(-)-trans- Δ^9 -THC-D ₃

LIPOMED Inc. ("LIPOMED") Standard Terms and Conditions of Sale

1. Price

All price quotations are made and orders accepted on the basis of LIPOMED's prices in effect at the time of order, except as otherwise specifically agreed in writing by LIPOMED. All prices are subject to change without notice. Any taxes or fees that LIPOMED may be required to pay or collect will be charged to Buyer. Unless otherwise stated, prices do not include insurance, duties, taxes and similar charges. All payments shall be made in United States Dollars.

2. Terms

Terms of payment are net 30 days from the date of invoice except as otherwise stated in a written agreement signed by an authorized officer of LIPOMED. Past due accounts shall: (a) bear interest at the greater of i) one and one-half (1½) per cent per month, an 18% annual rate, or ii) the maximum rate permitted by applicable law, and (b) be subject to reasonable collection costs (including legal fees and expenses) payable as incurred by LIPOMED.

3. Shipping and Delivery

LIPOMED shall have no responsibility to obtain or maintain insurance with respect to product sold to Buyer ("Product"), and risk of loss and all responsibility of LIPOMED with respect to Product shall cease when the Product has been

delivered to the appropriate carrier for shipment to Buyer, properly addressed or with the proper bills of lading attached, whether or not freight is prepaid. Unless otherwise specified, shipping costs are charged to the Buyer. Unless specific shipping instructions are received from Buyer substantially before the shipment date, LIPOMED reserves the right to use its judgment in selecting the means of shipment. Additional shipping costs incurred at the request of Buyer will be charged to Buyer. Shipping dates given by LIPOMED in advance of actual shipment are estimates only.

4. Warranty

(a) LIPOMED warrants the Product to be substantially free from defects in materials and workmanship. **It shall be the responsibility of the Buyer to check the identity and quality of delivered goods before using them.** LIPOMED will replace any Product which shall prove to be materially defective, provided that Buyer shall have reasonably inspected the Product received and notified LIPOMED of any apparent defects within 30 days of receipt. At LIPOMED's option, it will either credit the Buyer for the price charged for the defective product or offer a replacement. This warranty is for the benefit

of, and must be exercised directly by, Buyer only, and shall not convey any rights whatsoever to any third party. **LIPOMED MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, AND DISCLAIMS THE EXISTENCE OF ANY OTHER WARRANTY WHETHER OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR OTHERWISE.** **LIPOMED SHALL NOT IN ANY EVENT BE LIABLE TO BUYER FOR DAMAGES RESULTING FROM THE SALE TO BUYER, RESALE BY BUYER OR USE OF ANY PRODUCT IN ANY AMOUNT GREATER THAN THE PURCHASE PRICE RECEIVED BY LIPOMED FOR SUCH PRODUCT.**

- (b) Product delivered by LIPOMED shall not be considered defective if it substantially fulfills Buyer's product specifications contained in Buyer's purchase order, or is in accordance with specifications published by LIPOMED and made available to Buyer prior to its order ("Specifications").
- (c) Except as LIPOMED may otherwise agree in a separate writing signed by an authorized officer, LIPOMED makes no representations or warranties, express or implied, regarding compliance (including, without limitation, notification and/or registration) in the manufacture, distribution in commerce, processing, use, or disposal of any Product, or

the constituent substances thereof, with the U.S. Toxic Substance Control Act, the regulations promulgated thereunder or any similar statute or regulation, as the same may be amended from time to time; including in the above disclaimer, without limitation, representations and warranties regarding inclusion of said materials or substances in the various lists compiled by the U.S. Environmental Protection Agency and/or state authorities under any of the aforesaid acts and/or regulations. LIPOMED may not be held liable and will not pay for any damages, whatsoever resulting from, or being caused by the products themselves or by any use of the products no matter if such uses were inadequate or adequate to the products intended or unintended uses, no matter if the products delivered are in any regard faulty or out of set specifications. LIPOMED will only replace such faulty products by non faulty products and will not be liable nor will LIPOMED pay any penalties for shipping faulty products or for any damages caused by such faulty products.

- (d) **LIPOMED's reference standards are specified for laboratory use only and are solely intended for research and applied chemical purposes. LIPOMED's**

reference standards must not be used in humans, or animals and/or clinical studies.

- (e) Buyer is responsible for observing patents on specific products in the country of use.**

5. End use only – not for Resale

Buyer is not authorized to retail or wholesale any of LIPOMED's products except with written authorization from LIPOMED.

6. Claims and Returns

No Product will be accepted for credit by LIPOMED if it is substantially in accordance with the Specifications. All claims for shortages, non-conforming Product or poor quality must be made in writing within 30 days of receipt. No return shall be shipped to LIPOMED except after receipt of written instructions from LIPOMED. LIPOMED shall have the sole right to determine whether returned articles or parts shall be replaced. LIPOMED agrees to assume roundtrip transportation costs for defective or nonconforming articles or parts in an amount not to exceed normal truck common carrier shipping charges within the continental United States, provided, however, that if LIPOMED's inspection discloses that the returned article or part does not require replacement, LIPOMED's usual charges will apply, and Buyer shall assume roundtrip shipping charges. Damage incurred at Buyer's location such as in the process of inspection, handling,

and repackaging shall be the sole responsibility of Buyer.

7. Liability for Loss, Damage, or Delay

(a) LIPOMED shall not be liable for any loss or damage suffered by Buyer resulting directly or indirectly from, or through, or arising out of any delay in filling an order or in shipment or delivery of any Product, or resulting directly or indirectly from or through delay arising out of any force majeure, which shall include, but not be limited to any of the following: fire, flood, strike, accident, civil commotion, riot or war, shortage of labor, fuel, materials or supplies, regulations, priorities, orders or embargoes imposed by any civil or military government; natural disasters or any other cause or causes (whether or not similar to the foregoing) beyond the reasonable control of LIPOMED.

(b) **LIMITED LIABILITY.** LIPOMED shall not, in any event, be liable for any consequential, incidental or special damages, punitive damages, or costs or expenses in the event of any breach of warranty or in the event of any default in any term herein or in the event of any loss, damage, injury or cost resulting from or arising out of or in respect of any Product.

8. Cancellation, Alteration or Delay requested by Buyer

Requests by Buyer to cancel or alter an order or to temporarily or permanently stop work or delivery must be made in writing, and any purported acceptance by LIPOMED of any such request must be evidenced by the manual signature of an authorized officer of LIPOMED in order to be enforceable against LIPOMED. LIPOMED reserves the right to accept or refuse any such request, and to set additional charges and other conditions under which a request is granted. Any such additional charges will be due and payable 30 days after notification of Buyer by LIPOMED. All Product, parts or materials ordered or held by LIPOMED at Buyer's request shall be at the risk and expense of Buyer. LIPOMED, at its option, may invoice Buyer for all costs and expenses resulting from such a request. Such invoices shall be due and payable 30 days from issuance.

9. Suspension of Performance

In the event that: a) the Buyer fails to comply with the terms of payment outlined above; b) Buyer makes an assignment for the benefit of creditors; c) a petition shall be filed by or against Buyer under any bankruptcy or insolvency law; d) if Buyer admits its inability to pay its debts as they come due; e) if a trustee, receiver or liquidator is appointed for any part of the assets of Buyer; or f) if LIPOMED has reasonable grounds for insecurity as to due

performance by Buyer, then LIPOMED's obligation to perform hereunder shall immediately cease, unless LIPOMED thereafter otherwise agrees in writing with Buyer, Buyer's trustee, receiver or representative to continue performance under these or amended terms. Charges to Buyer shall be governed by the provisions of Paragraph 7.

10. Reproduction Rights, Nondisclosure

Specifications, reports, materials, information and other data of LIPOMED relating to an order and all proprietary rights and interests therein and the subject matter thereof ("Proprietary Information") shall remain the property of LIPOMED (which term, for purposes of this paragraph only, shall include any and all affiliates of LIPOMED). Buyer agrees that it will not, without the prior written consent of LIPOMED evidenced by the manual signature of an authorized officer of LIPOMED: (i) use Proprietary Information for the production or procurement of Product covered by this order or any similar product from any other source, (ii) reproduce or otherwise appropriate Proprietary Information, or (iii) disclose Proprietary Information or make it available to any unauthorized third party, in each case without obtaining LIPOMED's prior written consent evidenced by the manual signature of an authorized officer of LIPOMED. Buyer shall cause its employees, agents and others having access to Proprietary Information to

be aware of, and to abide by, the terms of this paragraph. The parties acknowledge that damages at law may be an inadequate remedy for the breach or threatened breach by this paragraph 9, and that in the event of such a breach or threatened breach LIPOMED's rights hereunder may be enforced by injunction or other equitable remedy in addition to and not in lieu of its rights to damages at law.

11. Conflicting Terms

These terms and conditions, along with the Specifications, constitute the entire agreement between the parties with regard to the subject matter hereof, and supersede all oral or written agreements and understandings with respect thereto. No terms in addition to or that conflict with these terms and conditions or the Specifications that are contained in any document produced by Buyer shall be binding upon LIPOMED unless agreed to in a document bearing the manual signature of an authorized officer of LIPOMED. If a purchase order, acceptance, confirmation or other communication from Buyer includes any term or condition contrary to, or in addition to, the terms and conditions stated herein or in the Specifications, Buyer's acceptance of the Product and services which are the subject hereof shall constitute Buyer's complete and unconditional assent to the terms hereof unless Buyer clearly instructs LIPOMED in writing, prior to acceptance

of the Product, to cancel the order. Buyer's communication of contrary or additional terms and conditions following acceptance of the Product shall be construed as an offer to supplement and/or amend LIPOMED's terms and conditions. Such offer shall be deemed rejected unless accepted by LIPOMED in a document bearing the manual signature of an authorized officer of LIPOMED.

12. Electronic Transactions

Buyer and LIPOMED agree to conduct the transactions governed by these terms and conditions by electronic means except: (i) as to matters where a manual signature of an authorized LIPOMED officer is required hereby; and (ii) LIPOMED's liability hereunder (including without limitation its warranty liability under paragraph 4) may not be increased or expanded except by an amendment or waiver complying with the terms of paragraph 13 bearing the manual signature of an authorized officer of LIPOMED.

13. Security Interest

LIPOMED shall retain a security interest in all Product until payment in full of the purchase price thereof by Buyer. Buyer authorizes LIPOMED to file a financing statement covering any and all such Product at any time that LIPOMED determines in its discretion that past or future sales to Buyer should be made on a secured basis.

14. Remedies

Upon default by Buyer, LIPOMED shall have the rights and remedies of a seller under the Uniform Commercial Code or other applicable law. Ten days' notice shall constitute reasonable notice of LIPOMED's intention to sell Product at public or private sale.

15. Miscellaneous

These terms and conditions shall be effective from the date of Buyer's purchase order. Any unenforceable provision hereof shall be reformed to the extent necessary to permit enforcement thereof. Any amendment or waiver of any provision hereof may be made only by a written instrument executed or agreed to by Buyer and an authorized officer LIPOMED. No delay or omission on the part of either party in exercising any right hereunder shall operate as a

waiver thereof, and no single or partial exercise of any right shall preclude any other or further exercise thereof or the exercise of any other right. No waiver of any breach shall operate as a waiver of any other breach or of the same breach on a future occasion. Notices are deemed given when received, regardless of the means of transmission. These terms and conditions shall be construed in accordance with the laws of Massachusetts. In the event that notwithstanding the foregoing choice of law a court shall determine that the United Nations Convention on Contracts for the International Sale of Goods ("CISG") applies to transactions subject to these terms and conditions, the provisions contained in these Terms and Conditions shall nonetheless control, even when in contradictions with the CISG.

LIPOMED AG ("LIPOMED") Standard Terms and Conditions of Sale

7. Liability for Loss, Damage, or Delay

- (a) LIPOMED shall not be liable for any loss or damage suffered by Buyer resulting directly or indirectly from, or through, or arising out of any delay in filling an order or in shipment or delivery of any Product, or resulting directly or indirectly from or through delay arising out of any force majeure, which shall include, but not be limited to any of the following: fire, flood, strike, accident, civil commotion, riot or war, shortage of labor, fuel, materials or supplies, regulations, priorities, orders or embargoes imposed by any civil or military government; natural disasters or any other cause or causes (whether or not similar to the foregoing) beyond the reasonable control of LIPOMED.
- (b) **LIMITED LIABILITY.** LIPOMED shall not, in any event, be liable for any consequential, incidental or special damages, punitive damages, or costs or expenses in the event of any breach of warranty or in the event of any default in any term herein or in the event of any loss, damage,

injury or cost resulting from or arising out of or in respect of any Product.

8. Cancellation, Alteration or Delay Requested by Buyer

Requests by Buyer to cancel or alter an order or to temporarily or permanently stop work or delivery must be made in writing, and any purported acceptance by LIPOMED of any such request must be evidenced by the manual signature of an authorized officer of LIPOMED in order to be enforceable against LIPOMED. LIPOMED reserves the right to accept or refuse any such request, and to set additional charges and other conditions under which a request is granted. Any such additional charges will be due and payable 30 days after notification of Buyer by LIPOMED. Buyer clearly instructs LIPOMED in writing, prior to acceptance of the Product, to cancel the order. Buyer's communication of contrary or additional terms and conditions following acceptance of the Product shall be construed as an offer to supplement and/or amend LIPOMED's terms and conditions. Such offer shall be deemed rejected unless accepted by LIPOMED in a document bearing the manual signature of an authorized officer of LIPOMED.

12. Electronic Transactions

Buyer and LIPOMED agree to conduct the transactions governed by these terms and conditions by electronic means except: (i) as to matters where a manual signature of an authorized LIPOMED officer is required hereby; and (ii) LIPOMED's liability hereunder (including without limitation its warranty liability under paragraph 4) may not be increased or expanded except by an amendment or waiver complying with the terms of paragraph 15 bearing the manual signature of an authorized officer of LIPOMED.

13. Security Interest

LIPOMED shall retain a security interest in all Product until payment in full of the purchase price thereof by Buyer. Buyer authorizes LIPOMED to file a financing statement covering any and all such Product at any time that LIPOMED determines in its discretion that past or future sales to Buyer should be made on a secured basis.

Any amendment or waiver of any provision hereof may be made only by a written instrument executed or agreed to by Buyer and an authorized officer LIPOMED. No delay or omission on the part of either party in exercising any right hereunder shall operate as a waiver thereof, and no single or partial exercise of any right shall preclude any other or further exercise thereof or the exercise of any other right. No waiver of any breach shall operate as a waiver of any other breach or of the same breach on a future occasion. Notices are deemed given when received, regardless of the means of transmission.

16. Applicable Law and Court of Jurisdiction

These terms and conditions shall be construed in accordance with the laws of Switzerland. In case of any dispute, the exclusive court of jurisdiction is Arlesheim, 4144 (Switzerland).
